

DESTINATION DISCOVERY

Materials needed; A3 paper for poster, A4 paper for brochure, pens, variety of art supplies for poster, books and internet.

William and his grandpa travel to many different places in the world.

Choose one place from the story and undertake some research about that place.

For example: The Pyramids in Egypt – find out as much information as you can about the pyramids in Egypt and make notes about some interesting facts.

Then use that information to:-

- a) Make a Poster about that place that could sit in a Travel Agents window
- b) Make a Brochure about that place that the Travel Agent could give to customers to encourage them to visit that place.
